YOU want to know frank-ly whether you are getting all wool or not. Every now and then we're asked. "Is it all wool?" or "There isn't much wool in clothes these days, is there?"

Let us put you right about this. It's a fact, there are a lot of adulterated fabrics on the market these days and the joke of it is these suits are being sold for just a trifle less than you can buy all-wool for; and you know as well as we do that all-wool gives the best service. Is it any wonder then that we confidently urge you

to come to us for Hart Schaffner & Marx clothes

They're always all wool, perfectly tailored and designed by the world's master designers.

We'll show you some very striking ideas in young men's suits and topcoats, as well as some very attractive new conservative models. All reason-
